

HP PageWide XL 3900 Multifunction Printer

Do the work of two printers with one—faster and lower cost than LED¹

FAST—Immediate, simple access to final prints

- Don't waste time waiting for prints with speeds up to 6 D/A1 pages/min and a fast 30-second first page out.
- Gain reassurance that the print will turn out as you expect with one-click printing from HP Click.²
- Anyone can copy and scan with intuitive multifunction workflows, including automatic background removal.
- Focus on your project, not the printer with up to 4 rolls and integrated 100-page top stacker.

SAVE—Help keep costs under control

- Run at lower costs than low-volume LED¹ in monochrome and color.
- Gain broad control over your printing costs and turn them to your advantage with HP SmartTracker software.
- Use half the energy per page compared to equivalent LED printers.³
- Secure data and help cut breach-related costs—self-encrypted HDD, Secure Disk Erase, and role access control.

CONSOLIDATE—Mono and color printing in one

- Improve manageability and simplify your workflow with one device for mono and color.
- Help meet all your needs, from job preparation to finishing, with a fully integrated HP solution.
- Produce excellent technical prints—vivid color, crisp lines, fine detail, smooth grayscales that beat LED.³
- Work with durable—moisture/fade-resistant—prints, even on uncoated bond, with HP PageWide XL pigment inks.⁴

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: <http://www.hp.com/go/learnaboutequipment>

¹ Printing up to 6 D/A1 pages/minute, the HP PageWide XL 3900 Multifunction Printer is faster than alternative low-volume LED printers and MFPs (under 6 D/A1 pages/minute) as of November, 2018. Operational costs for printers based on low-volume LED technology under \$20,000 USD in the market as of January, 2019. Operational costs consist of supplies and service costs. For testing criteria, see <http://www.hp.com/go/pagewidexlclaims>.

² Once image is selected, one-click printing when printing the entire file without any modifications to the print settings. Applicable to PDF, JPEG, TIFF, and HP-GL/2 files.

³ Conclusions based on internal HP testing for a specific use scenario. Comparable printers using LED technology based on LED printers capable of printing 4-6 D/A1 pages per minute and which represent more than 80% of the share of mid-volume LED printers in the US and Europe according to IDC as of November, 2018. For testing criteria, see <http://www.hp.com/go/pagewidexlclaims>.

⁴ Compared to prints produced with HP 970/971/980 inks that are fade and moisture resistant per ISO 11798 Permanence and Durability Methods certification. For testing criteria, see <http://www.hp.com/go/pagewidexlclaims>.

⁵ For output produced with HP PageWide XL printers and LED printers from different manufacturers and that represent greater than 50% of the annual shipments of LED printers in North America as of 2018 according to IDC. For testing criteria, see <http://www.hp.com/go/pagewidexlclaims>.
